## About Us

Livify is a mental wellness website that offers a safe space for individuals to express their thoughts and feelings related to mental health. With the tagline "Where we speak the mind" Livify provides a platform for open discussions on mental health issues. Our goal is to create a community where individuals can find support, share their experiences, and learn from one another.

In addition to the community forum, Livify also provides a comprehensive list of mental health professionals based on the individual's area of residence. Our aim is to make it easy for individuals to access the care they need.

Moreover, Livify offers a stress-buster section that includes fun games, interesting articles, motivational videos and soft music to help individuals relieve stress. We believe in the power of self-care, and we strive to provide our users with the tools they need to take care of their mental health.

At Livify, we understand that mental health is a critical component of overall well-being. That's why we are committed to providing a safe, supportive, and inclusive space for individuals to prioritize their mental health.

## Mental Health

Title description, Apr 25, 2023

Mental health is a state of wellbeing where people and societies function at their best. That is, where people can cope with the stresses of everyday life, work productively, and contribute to their communities. Mental health conditions and neurological disorders are conditions that affect thoughts, emotions, behaviours, and relationships. These include disorders that cause a high burden of disease such as depression, bipolar affective disorder, schizophrenia, anxiety disorders, dementia, substance use disorders, among many others. These conditions can be experienced in isolation; however, they often occur alongside other noncommunicable diseases such as cardiovascular disease, diabetes, respiratory diseases and cancers. Mental illnesses affect 19% of the adult population, 46% of teenagers and 13% of

## Green Ribbon

The green ribbon is the international symbol of mental health awareness. Wear a green ribbon to show colleagues, loved ones or simply those you walk past that you care about their mental health. It can also be worn in memory of a loved one.
